Engineering-grade plastic sheets

## PP Roofing Sheets

Durable polypropylene roofing solutions

## Acrylic Mirror Sheets

Shatter-resistant mirror alternatives

## Sunboard Sheets

Lightweight boards for interiors

## TPE & LGP Sheets

Specialty sheets for niche applications

FEATURED PRODUCT

# Polycarbonate Sheets

As a leading polycarbonate sheet manufacturer in India, Lakshlite delivers sheets engineered for maximum performance in demanding environments.

## High Impact Resistance

250× stronger than glass — ideal for safety-critical applications

## UV Resistant

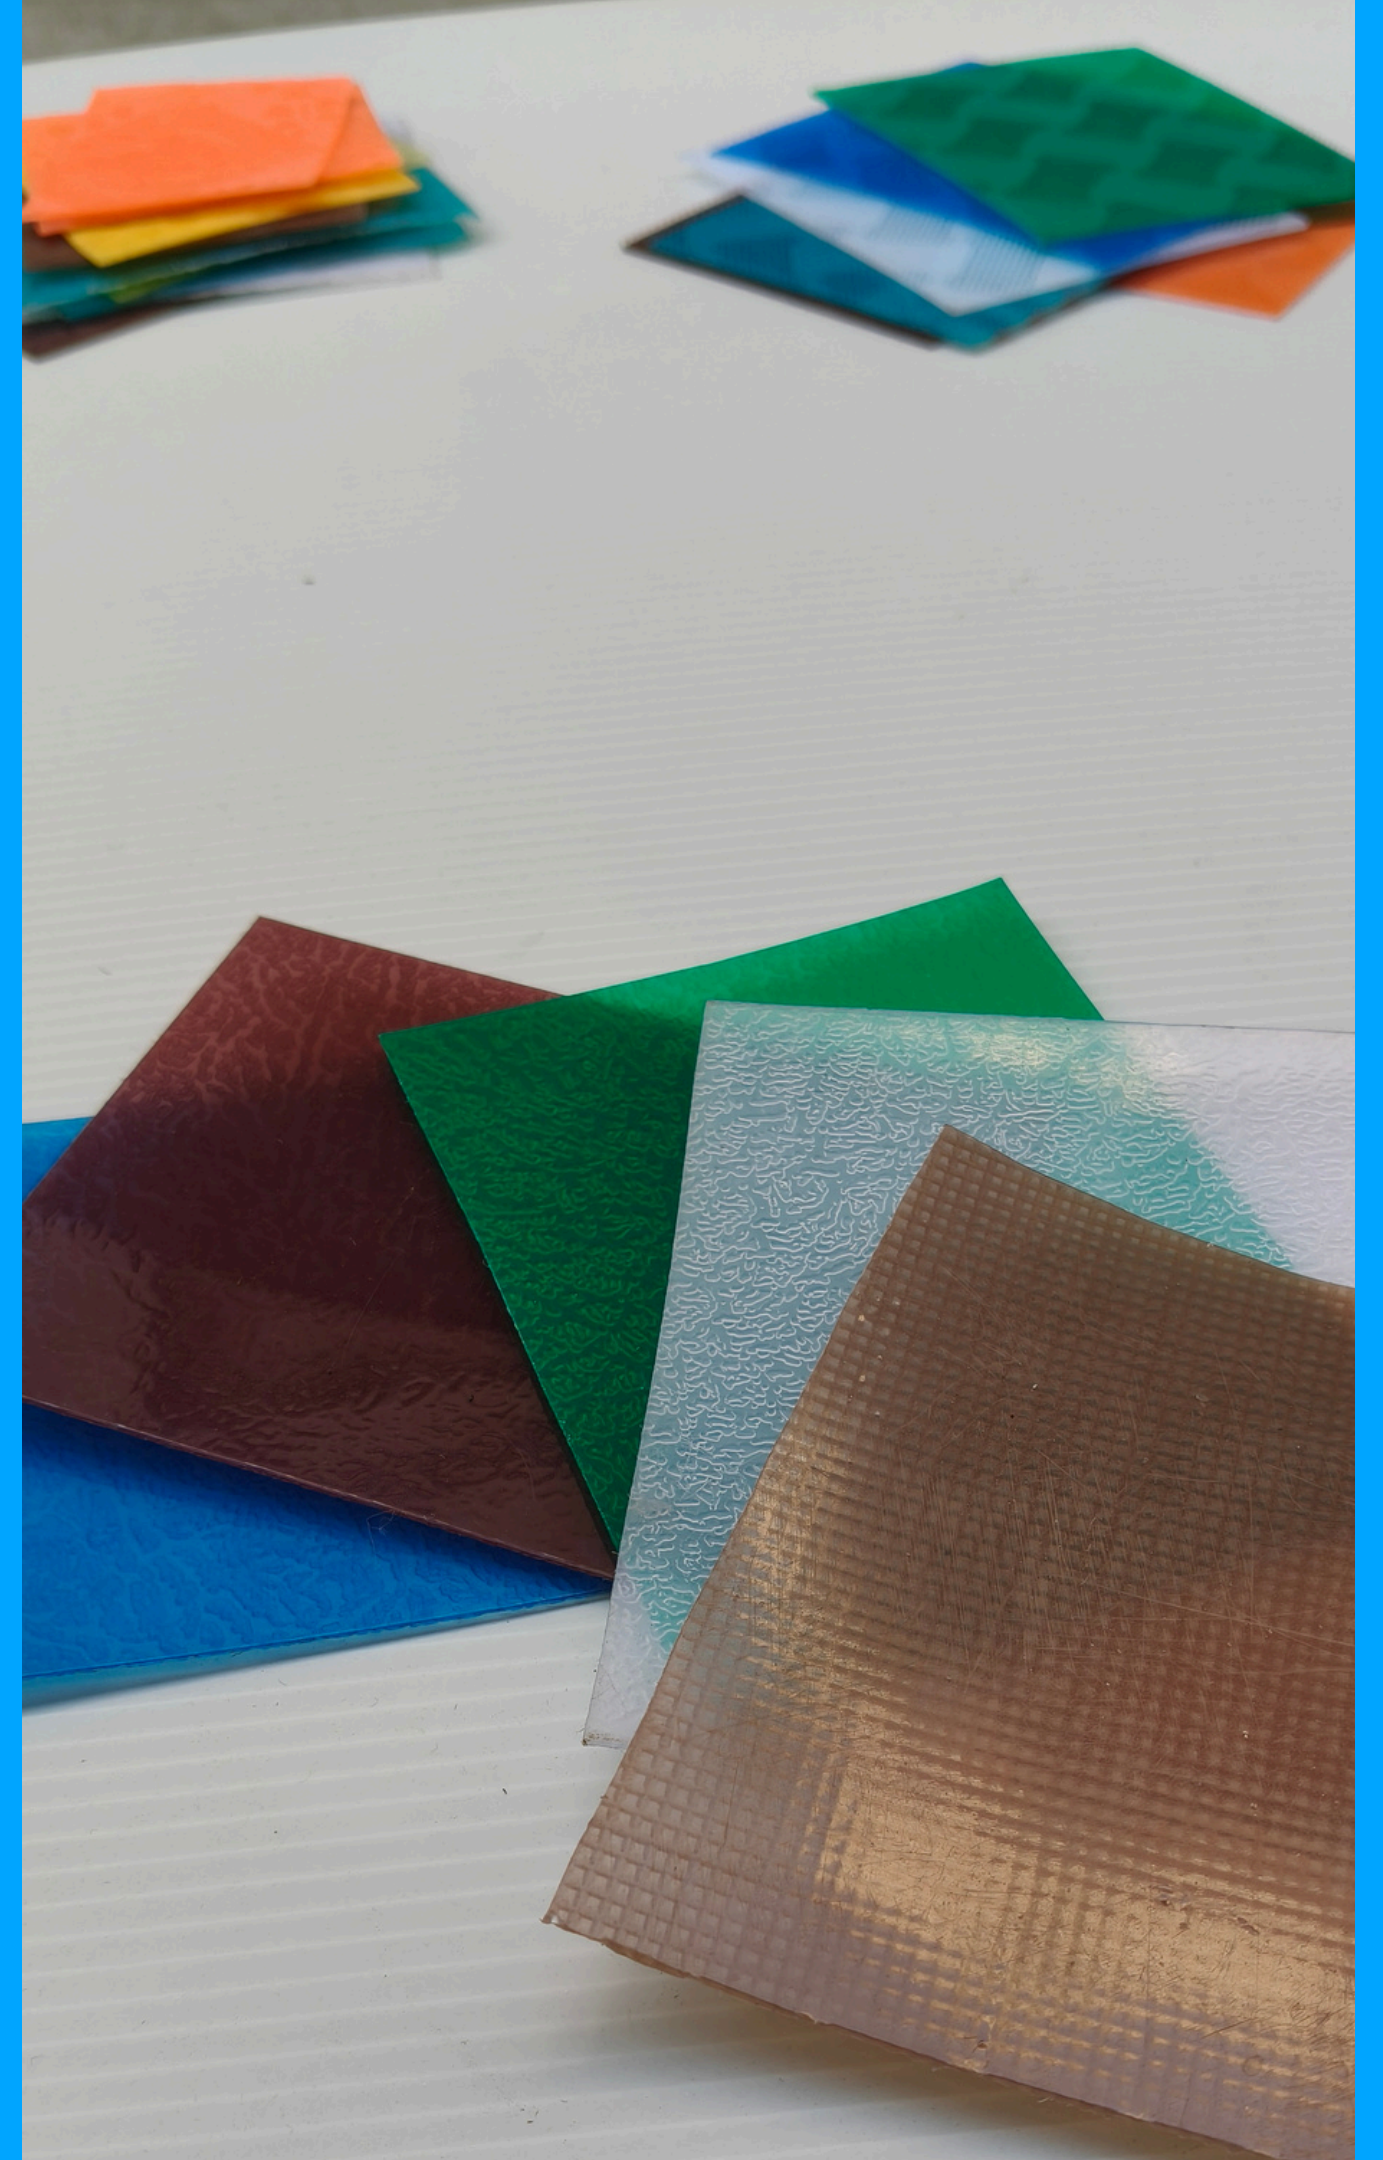

Coated for long-term outdoor use without yellowing

## Transparent & Lightweight

Excellent light transmission with minimal structural load

## Versatile Applications

Roofing, skylights, canopies, and industrial structures

PP ROOFING

## PP Roofing Sheets

Lakshlite's **PP roofing sheets supplier** division offers a cost-effective, durable solution for industrial and commercial roofing needs. Made from high-grade polypropylene, these sheets are designed to withstand harsh weather conditions while remaining lightweight and easy to install.

- **WeatherResistant**  
Withstands rain, heat, and humidity
- **Long Lifespan**  
Corrosion-free and low maintenance

- **Cost-Effective**  
Affordable alternative to metal roofing
- **Ideal For**  
Warehouses, sheds, factories & garages

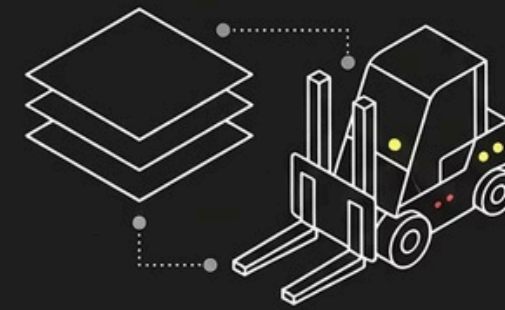

# Polystyrene Sheets – PS & HIPS

## Why Polystyrene?

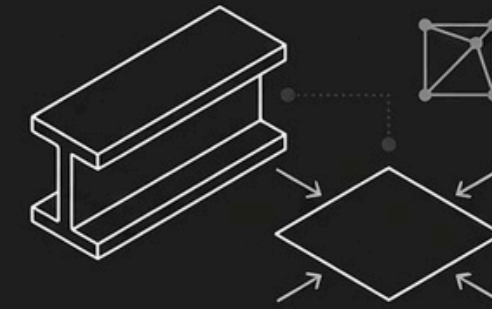

As a trusted **polystyrene sheet manufacturer**, Lakshlite produces PS and HIPS sheets that combine rigidity with affordability. These sheets are widely used in packaging, display fabrication, and industrial applications where cost-efficiency and ease of processing are critical.

- Lightweight yet rigid structure
- Easy to cut, shape, and thermoform
- Excellent surface finish for printing
- Cost-efficient for high-volume use

 HIPS (High Impact Polystyrene) offers enhanced durability for demanding fabrication projects.

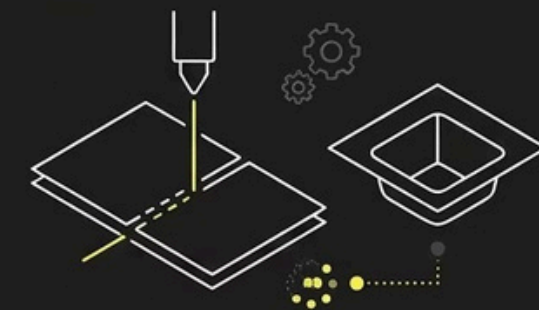

**Lightweight**  
Easy to handle & transport

**Rigid**  
Structural stability for fabrication

**Cost-Efficient**  
Affordable for bulk industrial use

**Easy to Process**  
Cutting, thermoforming, printing friendly

INDUSTRIES SERVED

# Serving Every Sector Across India

Lakshlite's **industrial plastic sheets** are trusted across a wide spectrum of industries, delivering reliable performance in every environment.

Construction & Infrastructure

Signage & Advertising

Packaging & Logistics

Industrial Manufacturing

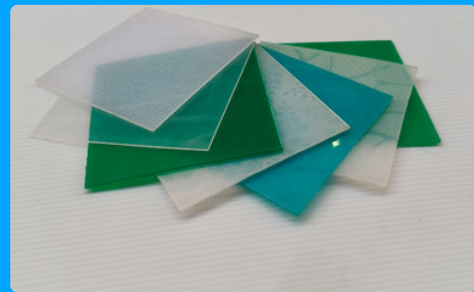

Agriculture & Greenhouses

Interior & Architecture

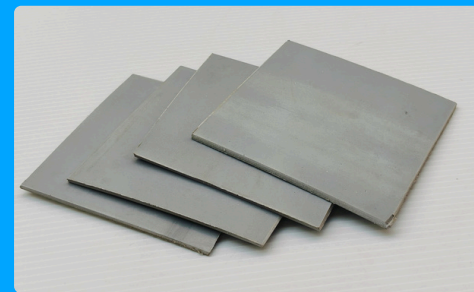

APPLICATIONS

# Where Lakshlite Sheets Are Used

## Roofing & Skylights

Polycarbonate and PP sheets for weatherproof, light-transmitting roofs

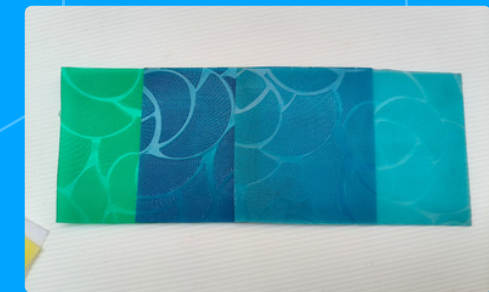

## Signage Boards

Acrylic and PS sheets for vibrant, durable outdoor and indoor signs

## Packaging Solutions

Polystyrene sheets for protective, lightweight packaging applications

## Partitions & Interiors

Acrylic and Sunboard sheets for modern interior design and partitions

WHY LAKSHLITE

# Why Choose Lakshlite?

## Premium Materials

Only virgin-grade raw materials for consistent quality

## Wide Product Range

One supplier for all your plastic sheet requirements

## Bulk Supply Capability

Scalable production for large-volume orders

## Competitive Pricing

Factory-direct rates with no middlemen

## Trusted Experience

Years of serving India's top industries with reliability

# THANK YOU

## Partner With Lakshlite Today

Whether you need a polycarbonate sheet manufacturer, PP roofing sheets supplier, acrylic sheet supplier, or a reliable plastic sheet supplier in India — Lakshlite is your trusted partner for industrial-grade plastic sheets at competitive prices.
